Interests

Merging disciplines and demographics. Reactive programmatic animation. Interactive Art. Art Games. Currently completes an animation a day. Working on syncing acoustic instruments to interactive animations. 5,000 hours of animation completed on personal projects.

Reel: http://www.youtube.com/watch?v=jyWVi_onv9U

Daily Animation: <http://www.youtube.com/watch?v=61WQZwNLzjU>

Goal

To improve user experience to the point of complete immersiveness. I treat every design job as if the project were an amusement park movie ride.
